Please DO NOT Bring TV, VCR's, DVD players, Game Consoles, and such items to the event. Please only bring items that were in existence during the World War II Period.

We will be having a live Radio Station on the air for this event, the channel is 102.7 FM will be announced at the event, look for signs at registration. We are looking for DJ's to man the radio station. They will be playing period music and giving you up to date announcements, and last minutes changes. This is a low power FM station so please get out those old tube radios, pull the tubes out of them and stuff a modern FM receiver inside so that it looks real 1940's and bring it along to hear the music and news. Anyone interested in doing a show please contact Dave Shaw at 724 627 8545.

All World War II vehicles that are brought to the Event must be pre-registered. If you want to use your vehicle in the manner it was originally intended then come along and support the regiment. All World War II Vehicles that go out to the Battle Field will be under the TOTAL Control of the Corresponding Motor Pool Office and will be given specific tasks. All Vehicles will be part of the Motor Pool, they will NOT be necessarily with a specific unit or nor the unit the driver picks. Please complete the Vehicle Registration Section on the Registration Form. You MUST pre-register by filling out the Vehicle Sections on the Registration Form and attend the vehicle safety training class. Everyone driving any vehicle, be it World War II Vintage or modern must have a valid Drivers License, and the vehicle must meet all laws, including licensing, insurance, and registration. You will not be allowed out in the field with a vehicle unless you attend a vehicle safety class. There will be no last minute classes. If you don't attend a class your vehicle will sit by the garages while you're in the field. You are NOT permitted to drive any unlicensed and/or uninsured vehicle on any public roads at Fort Indiantown Gap. ALL licensed and/or unlicensed vehicles MUST be insured, no exceptions. NO TRACK vehicles of any kind are permitted on the roads of Fort Indiantown Gap; this includes tanks and half-tracks with rubber tracks.

We need Re-Enacting Medics to volunteer to operate the First Aid Station in Bldg. 12-46 in Area 12 and there will also be a First Aid Station in the field. [\(Put in medic info here. We need to get info from Rob as to what he wants in this space\)](#)

We will be having a pickup and drop off service for the loading and unloading of your equipment when you arrive for the event. Everyone will immediately park in the POV Parking lot ONLY. A tractor with a wagon will be there for you to load your equipment onto, and then they will stop outside your barracks for you to unload your equipment. They are not permitted to help load or unload any equipment.

Parking: You will NOT be permitted to park or drive any vehicles on Woodland Ave. or Susquehanna Ave. The main road in front of the barracks or the road behind the Mess halls. You MUST park in the TANK parking lot ONLY not around any buildings, please see map area marked POV parking.
